Mr. Hynum-

Where agency discretion was allowed under Section L 2.03 IS Market and/or Parity Adjustments of the 2013 – 15 Compensation Plan, ETF provided a minimum increase of \$.50 per hour to all staff in the IS-related classifications covered by the section. Additional increases above \$.50 were based on skill set of the individual, equity, performance and retention. There was not a formal document prepared describing this distribution as the ETF Human Resources Office worked collaboratively with individual supervisors and managers on employee specific recommendations.

Mr. Hynum-

At this point the criteria for distribution of adjustments has not been finalized, therefore, I do not have a document to provide you at this time. Once this information is available, I can provide it to you. I estimate this information should be available in about two weeks.

Subject: Records Request

Dear Mr. Nispel:

I can't find any information on your website for Open Records Requests so I'm sending this to you.

This is to request a copy of the criteria ETF has developed for distribution of adjustments listed in Section L - Market and Parity Provisions of the 2013-15 Compensation Plan. I would also like a copy of any documents which describe how ETF intends to distribute these adjustments in a "uniform manner throughout the agency or employing unit."

I would prefer to have any documents sent electronically to wpec@aft-wisconsin.org. Thank you.

Jill Hynum
