

United Way of Dane County

received the following contributions from Labor in 2014. Labor's support of our community's Agenda for Change is making Dane County a better place in which to live, work, raise a family, and retire.

Our Community's Agenda for Change

Education

- Children are cared for and have fun as they become prepared for school.
- Students succeed academically and graduate from high school, regardless of race.

Income

- More people are on pathways out of poverty
- There is a decrease in family homelessness

Health

- People's health issues are identified and treated early.
- Seniors and people with disabilities are able to stay in their homes.

United Way engages our community, mobilizes volunteers and strengthens local partners to achieve measurable results and change lives.

WE'RE DOING WHAT WORKS.
