

ANSWERS FOR SOME OF THOSE MEDICARE QUESTIONS

Date: Monday, Oct. 15, 2018

Place: Dane County United Way, 2059 Atwood Ave.

Time: 10:00 am - Noon

Do you know what a Medicare Advantage program is? Do you know the difference between an individual Medicare Advantage program and an employer-provided Medicare Advantage program? Are you confused by the State of Wisconsin's new offering in the group health insurance program for those who are 65 or over?

Get some answers from a counselor from Wisconsin's SHIP* program. This presentation will be targeted at State of Wisconsin employees and retirees who use the State's Group Health Insurance Program.

The SHIP Counselor will provide you with information about options but will not recommend a specific option.

Please RSVP to mail@wpec.org by Sunday, October 14 so that we can have sufficient handouts available. You can also contact Jill Hynum at jhynum@sbcglobal.net if you have questions.

*SHIP is a federally funded program offered by states to help Wisconsin Medicare beneficiaries and their families and caregivers with public and private health insurance issues and options. Wisconsin's SHIP program is in the Department of Health Services. See <https://www.dhs.wisconsin.gov/benefit-specialists/medicare-counseling.htm> for more info on SHIP.
